In one word, any disease—no matter under what name designated, that is nourished or increased by bad, impure, deprayed, weak, thin, u atory or poisoned blood—can be cured by RADWAY'S SARSAPARILLIAN RESOLVENT.

Dr. Radway & Co. have never claimed one-hundreth part of the curative virtues for their remedies as is ascribed to them by the people who have used them; for bear in mind, only such diseases and complaints as Dr. Radway, after successful treatment with their remedies knew they would cure, were enumerated in their curative list, so that many of the extraor-dinary cases that have been reported awaken-ed as much astonishment in the discovery of their remedial agents as in those who had been rescued from death, and made whole and sound.

As many persons discredited their extraordinary power, from the fact of their disappointment in the use of other advertised remedies—and some believed it impossible for simple medicines made only from vegetable substances—roots, herbs, &c.—should possess such marvelous power. Yet they can readily comprehend that the simple grasses of the field, after undergoing the chemical process of distillation designed by nature in the cow and churn, furnishes us with butter—certainly the most abundant fat, caloric or heat-making—bone, thesue, muscle, sinew and bhood-making constituents for the human body.

But when those people who first doubt the efficacy of these remedies commence their use, they become their most earnest advocates.

AN IMPORTANT LETTER

From a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

NEW YORK, Oct. 11th, 1870.

DE. RADWAY—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I have been afflicted with some trouble in the bladder and urinary organs, which some months are capiting. myself. For several years I have been afflictived with some trouble in the bladder and urinary organs, which some months ago culminated in a most terribly afflicting disease, which the physicians all said was spasmodic stricture in the uretha, as also inflamation of the kidneys and bladder, and gave it as their opinion that my age-73 years would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both allopathic and homoopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sarsaparillian Resolvent, Ready Relief, and Regulating Pills—and commenced taking them. In three days I was greatly relieved, and now feel as well as ever.
